

Research Assistants and PhD Studentships

Research Assistant positions and PhD studentships are available immediately. Interested applicants should preferably have a Master's degree with strong research background and publication record in one of the following areas:

Cell biology, biochemistry, mass spectrometry, small molecule/protein-protein interactions (PPI), protein post-translational modifications (PTMs), or other area related to Dr. Zhao's research.

<http://chem.hkbu.edu.hk/en/staff/teaching/&n=69>

Applicants should have the ability to work both independently and as part of a team, and a good command of English, both oral and written. The successful candidate for Research Assistant may be encouraged to pursue a PhD degree after one year of working on the project. Salary will be commensurate with qualifications and experience.

Please send your CV (including GPA, grade of English test, publication list, and contact information of three references) and a one-page statement of your research experience to Dr. Zhao Qian (qianzhao@hkbu.edu.hk) directly.
